### EDUCATION

#### Pennsylvania State University — Bachelor of Science, Geography, 2005

### WHAT OTHERS ARE SAYING ABOUT ANTHONY:

#### Employee Owner of The Year Nominations:

"While managing these projects he never fails to boost morale with his coworkers and supervisees, whether it be through his outreach [...] or his efforts to help others find their path at GISinc. [now NV5]"

"Anthony is a go-getter and always positive while taking on any challenge and making the most of it, and it seems he keeps getting some of the most difficult projects to manage."

#### Coworker Chris, within Company-wide Communications:

"[...] every time we work together, he makes me better. Thank you for showing me the value of patience and listening. You are immeasurable, but so impactful to our success."

#### Coworker Heather, within Company-wide Communications:

"Anthony Scardino is the rebar in the foundation of many Federal GIS programs and AMC is no exception. We recently had a database server migration [...] and his attention to details ensured a smooth transition. I would not be able to do my job effectively without Anthony's support on my team."
